

1. Identification of the substance / mixture and of the company / undertaking

Product identifier

Product name: Vitroband
Manufacturer/Supplier: Bayer Vitrotec GmbH
Vor dem Bruch 12
D-21271 Hanstedt
Tel. +49-4184-89769-0
Fax. +49-4184-89769-22

2. Hazards identification

Classification according to (EG) Nr. 1272/2008) No hazardous substance or mixture according to regulation (EG) Nr. 1272/2008.

Classification according to 67/548/EWG, 1999/45/EG No hazardous substance or mixture according to guidelines 67/548/EWG or 1999/45/EG.

3. Composition/information on ingredients

Description: Self-Adhesive Sealing Tape based on Butyl-rubber with a PP-cloth lattice.

Hazardous contents: None, also see see chapter 2.

Additional information: Labeling according to the GHS-regulations and according to the corresponding EU-regulations is not necessary.

4. First aid measures

Inhalation: Not relevant if used for intended purpose.

After eye contact: Rinse opened eye for several minutes with running water.
Get medical aid in case of continuous discomfort.

After skin contact: Wash with soap and water and rinse thoroughly.
Get medical aid in case of continuous discomfort.

After swallowing: Do not include vomiting.
Get medical aid in case of continuous discomfort.

Page 2)

5. Fire fighting measures

Suitable fire extinguishing media:	CO ² extinguisher or powder extinguisher.
Unsuitable extinguishing device:	Water-jet.
Hazards of combustion products:	Combusts with thick black smoke. Toxic gases may be released.
Special protective equipment:	Wear protective equipment. Wear self-contained breathing apparatus.

6. Accidental release measures

Personal precautionary measures:	Wear protective equipment. Also see chapter 8.
Environmental precautionary measures:	Do not empty into drains, soil or bodies of water.
Special cleaning procedure:	Adhesive residues may be removed mechanically. Dispose of contaminated material as waste according to chapter 13.

7. Handling and storage

Handling:	Do not drink and eat while working. Wash hands before work breaks and after finishing work.
Storage:	Store in cool (5-25°C), dry rooms, free of dust and oil. UV-protected.
Clustering instruction:	None.

8. Exposure control / personal protection

Exposure limit information:	None.
Inhalation protection:	None if used for intended purpose.
Hand protection:	No immediate effect, but chemical-resistant protective gloves are advised.
Skin protection:	No immediate effect, but protective equipment is advised.
Eye protection:	Protective goggles.
Additional note:	General safety and hygiene measures (cleanliness, order).

Page 3)

9. Physical and chemical properties

Form:	Sealing tape
Colour sealant:	Black
Odour:	Nearly odourless.
Miscibility with organic solvents:	Partially soluble in many organic solvents.
Solubility in water:	Insoluble.
Explosion hazard:	Product is not explosive.

10. Stability and reactivity

Chemical stability:	Stable under recommended storage conditions.
Reactivity:	None, if used for intended purpose.
Hazardous decomposition products:	No decomposition if used according to specifications. In case of fire see chapter 5.

11. Toxicological information

General toxicological notes:	According to our state of knowledge, appropriate handling and conventional usage will not cause any harmful effects. Marking according to the regulation for dangerous goods (Chemicals Law) and according to the corresponding EU regulations is not necessary.
------------------------------	---

12. Ecological information

General ecological information:	Do not empty into drains, soil or bodies of water.
---------------------------------	--

13. Disposal considerations

Product disposal:	Under observance of local regulations and after consultation with the disposer and local and national authorities residues of product may be incinerated or collected and deposited as domestic waste.
Packaging:	Contaminated packaging that can not be cleaned must be disposed according to the recommendations for product

Page 4)

14. Transport information

No hazardous good according to the GGVS.

15. Regulatory information

Marking according to the regulation for dangerous goods (Chemicals, Law) and according to the corresponding EU-regulations is not necessary.

16. Other information

These details are based on the current state of knowledge and experience and refer to the products condition upon delivery. They describe pur products in view of safety requirements and do not ensure any specific product properties.

That all legal regulations regarding the use of the above product are abided by is the responsibility of the user. We recommend testing the products suitability sufficiently for the users requirement.
